REVIEW

Savor food, views at Breeze Ocean Kitchen

MENU

The menu says it best: "Items reflect the sun-splashed Palm Beach lifestyle and celebrate the Atlantic's fruits de mer." Offerings include salads, sandwiches, skewers and lettuce cups.

ATMOSPHERE

It doesn't get much better than this: Dining al fresco steps from the Atlantic Ocean. This charming café is part of Eau Palm Beach Resort & Spa, and everything from the walk through the gorgeous lobby and the stunning pool en route to the yellow and white striped awnings that bedeck the oceanfront restaurant makes guests feel like they're vacationing.

OUR FAVORITE FOOD/PRICE

The mahi mahi tacos (\$18) put our taste buds into overdrive. Filled with moist fish, tasty chayote slaw and chipotle aioli, they were a perfect starter. We gave the enormous, tasty Cobb salad (\$14) an A+ for its mix of usual ingredients with a twist — the addition of grilled pineapple and hearts of palm.

REASON TO GO

A great place to escape the hustle of life and enjoy nature at its finest. Seating options run the gamut from a bar to several al fresco dining areas.
